

MPH Toxicology and Risk Assessment

Important Catalog Information

Due to the planned consolidation during the summer of 2020, of the University of South Florida, the University of South Florida St. Petersburg, and the University of South Florida Sarasota-Manatee, into a single university with a fully aligned and integrated curriculum and a single set of academic policies and procedures, any undergraduate or graduate student who matriculates at one of the three USF institutions on or after May 18, 2020, will adhere to the curricula, policies, and procedures described in the 2020-21 USF undergraduate or graduate catalog, respectively.

Concentration: Toxicology & Risk Assessment (Code: TXY)

Delivery: Traditional

Starting in Fall 2018, this concentration has been consolidated into the [Environmental and Occupational Health](#) concentration.

This concentration area will provide a broad foundation in the biomedical sciences with general training in toxicology. The program is designed with a balanced curriculum in the areas necessary for understanding the response of organisms to chemical insult and to introduce individuals in the research approaches necessary for the evaluation of these responses. Students will be able to make decisions on the basis of available research findings on potential chemical hazards for humans and animals and to adapt to a rapidly growing body of new knowledge in toxicology.

Program of Study

If you have questions on your program, please contact your [Academic Advisor](#).

If you are a current student, you may access your [Degree Works](#) planner (you may also access Degree Works from [my.usf.edu](#) or OASIS. You may view your current progress in Archivum at [usf.appiancloud.com/](#). (See [Archivum instructions](#).)

If you are not a current student, or want to view program requirements from a different catalog year please use these sources:

- 2020/21 USF catalog [MPH planner](#) or [COPH catalog section](#)
- 2019/20 USF catalog [MPH planner](#) or [COPH catalog section](#)
- Any prior year please view the [USF Graduate Catalog Archives](#)

There may be circumstances in which a student may need to change their catalog year. This must be initiated through a discussion with your academic advisor. Details regarding USF policy on changing catalog year can be found at <https://catalog.usf.edu/content.php?catoid=12&navoid=1375#students-major-degree-requirements>.
